

Asian Wealth Careers Taiwan

HSBC's culture in Taiwan is focused on people.
We value difference. We succeed together.

I think HSBC has done really well in diversity and inclusion.

Our leadership culture comes from the heart, and makes me feel warm.

We value the employees' voices, and will take on board our suggestions.

HSBC has a really strong team, with so many talents, it's more international.

Our clients come from all over the world. So I feel like I've travelled around the world many times, even when I am in Taiwan.

Whether it's vertical or horizontal career growth, or trying out new things across different teams and business lines, it's a place where there are endless opportunities.

No matter your age, your background, or your gender, as long as you are willing to learn, and are not afraid of challenges, this is certainly a place where you can grow and thrive.
